(a) Definitions. As used in this chapter the term:

"Age" refers to and shall include any employee or applicant for employment who has attained the age of forty (40) years and has not attained the age of sixty-five (65) years. For the purposes of this section, discrimination because of age shall mean dismissal from employment of, or refusal to employ or rehire any person because of his/her age, if such person has attained the age of forty (40) years

~~Disability. The Human Rights Commission, after public~~

~~hearing, shall define "disability" by the adoption of an appropriate rule, hearing, or speech, or impairment of physical ability because and forward said rule to the Board of Supervisors for adoption and incorporation in this article prior to January 1, 1977 health impairment which requires special education or related services.~~

"Supplier" means any person or persons, firm, partnership, corporation, or any combination thereof, who submits a bid or enters into a contract with the awarding agency of the city and county, or who submits a bid or enters into a contract with any contractor, subcontractor, lessee, sublessee, franchisee or concessionaire engaged in the performance of a contract let, awarded or granted by or on behalf of the city and county, for the supplying of goods, materials, services, equipment or furnishings.

Sec. 12B.2. Nondiscrimination Provisions of Contract.

Every contract or subcontract for or on behalf of the City and County of San Francisco, as provided in Sec. 12B.1 hereof, shall contain the provisions following, which shall be known as the nondiscrimination provisions of such contract.

In the performance of this contract, the contractor, subcontractor or supplier agrees as follows:

(a) Wherever the work is performed or supplies are manufactured in the United States, the contractor, subcontractor or supplier will not discriminate against any employee or applicant for employment because of race, color, religion, ancestry, national origin, age, sex, sexual orientation or ~~physical~~ disability. The contractor, subcontractor or supplier will take affirmative action to ensure that applicants are employed, and that employees are treated equally during employment, without regard to their race, color, religion, ancestry, national origin, age, sex, sexual orientation or ~~physical~~ disability. Such action shall include, but not be limited to, the following: employment, upgrading, demotion or transfer;

recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Nothing in this ordinance shall require or prohibit the establishment of new classifications of employees in any given craft. The provisions of this section with respect to age shall not apply to (1) termination of employment because of the terms or conditions of any bona fide retirement or pension plan, (2) operation of the terms or conditions of any bona fide retirement or pension plan which has the effect of a minimum service requirement, (3) operation of the terms or conditions of any bona fide group or insurance plan. The contractor, subcontractor or supplier agrees to post in conspicuous places, available to employees and applicants or employees and applicants for employment, notices in such form and content as shall be furnished or approved by the awarding authority setting forth the provisions of this section.

(b) Except as in this section provided or in cases where the law compels or provides for such action any provisions in any contract agreement or undertaking entered into on or after the effective date of this chapter which prevent or tend to prevent the employment of any person solely by reason of his/her age, who has attained the age of forty (40) years and has not attained the age of sixty-five (65) years shall be null and void.

(c) The contractor, subcontractor or supplier will in all solicitations or advertisements for employees placed by or on his/her behalf, state that qualified applicants will receive consideration for employment without regard to race, creed, color, ancestry, national origin, age, sex, sexual orientation or ~~physical~~ disability. Any solicitations or advertisements that satisfy similar requirements under federal law, subject to the approval of the awarding authority, will also satisfy this requirement.

(d) The contractor, subcontractor or supplier will send to each labor union or representative of workers with which he/she has a collective bargaining agreement or other contract or understanding, a notice, in such form and content as shall be furnished or approved by the awarding authority, advising the said labor union of workers' representative of the contractor's, subcontractor's or supplier's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(e) The contractor, subcontractor or supplier will permit access to his records of employment, employment advertisements, application forms, and other pertinent data and records by the awarding authority, the fair employment practices commission, or the San Francisco human rights commission, for the purposes of investigation to ascertain compliance with the nondiscrimination provisions of this contract, and on request provide evidence that he/she has or will comply with the nondiscrimination provisions of this contract.

(f) That contractor, subcontractor or supplier shall be deemed to have breached the nondiscrimination provisons of this contract upon:

(1) A finding by the director of the San Francisco human rights commission, or such other official who may be designated by the human rights commission, that contractor, subcontractor, or supplier has wilfully violated such nondiscrimination provisions: or

(2) A finding by the fair employment practices commission of the state of California that contractor, subcontractor or supplier has violated any provision of the fair employment practices act of California or the nondiscrimination provisions of this contract, provided that the fair employment practices commission has issued a final order pursuant to section 1426 of the labor code, or has

obtained a final injunction pursuant to section 1429 of the labor code; provided further, that for the purposes of this provision, an order or injunction shall not be considered final during the period within which (1) appeal may be taken, or (2) the same has been stayed by order of court, or (3) further proceedings for vacation, reversal or modification are in progress before a competent administrative or judicial tribunal.

(3) Upon such finding by the director of the human rights commission, or other official designated by the human rights commission, or the fair employment practices commission, the awarding authority shall notify contractor, subcontractor or supplier that unless he/she demonstrates to the satisfaction of the director of the San Francisco human rights commission, or other official designated by the human rights commission, within such reasonable period as the human rights commission shall determine, that the violation has been corrected, action will be taken as set forth in subparagraphs (g) and (h) hereof.

(4) The human rights commission shall, within ten days of the date of issuance of any finding by the director of the human rights commission or other official designated by the commission in the enforcement of this chapter, mail to any person or persons affected by said finding, a copy of said finding, together with written notice of his right to appeal. Notice of appeal must be filed in writing with the chairman of the commission within 20 days of the date of mailing said copy and notice.

(5) For purposes of appeal proceedings under this section, a quorum shall consist of eight members of the commission. The vote of the majority of the full commission shall be necessary to affirm, reverse or modify such decisions, order or other action rendered hereunder. Should a member of the human rights commission be

designated under sec. 12B.2(f)(1) of this contract, that commissioner may not participate in an appeal under this section except as a witness.

(6) The presiding officer of the commission shall have the power to administer oaths to witnesses in appeals before the commission under this section. In the event that any person shall fail or refuse to appear as a witness in any such proceeding after being requested to do so, and if it shall appear to the commission that his/her testimony, or books, records, documents or other things under his/her control are material and relevant as evidence in the matter under consideration by the commission in the proceeding, the presiding officer of the commission may subpoena such person, requiring his/her presence at the proceeding, and requiring him/her to bring such books, records, documents or other things under his/her control.

(7) All appeals to the human rights commission shall be open to the public. Records and minutes shall be kept of such proceedings and shall be open to public inspection. Upon reaching a decision in any appeal, the commission shall give written notice thereof to the director of the human rights commission, or other official designated by the human rights commission, and the appellant or appellants. The decision of the commission shall be final unless within 15 days of the filing and service of written notice thereof appropriate legal proceedings are filed in a court of competent jurisdiction by any party to this contract.

(8) If any contractor, subcontractor or supplier under contract to the City and County of San Francisco shall fail to appear at an appeal proceeding of the commission after having been given written notice to appear, such failure to appear shall be grounds for cancellation of the contract or subcontract and such contractor, sub-

contractor or supplier shall be deemed to have forfeited all rights, benefits and privileges thereunder.

(9) The human rights commission of San Francisco shall promulgate rules and regulations for the implementation of the nondiscrimination provisions of this contract, and such rules and regulations shall, so far as practicable, be similar to those adopted in applicable federal executive orders.

(g) There may be deducted from the amount payable to the contractor, subcontractor or supplier by the City and County of San Francisco under this contract a penalty of fifty dollars ($50) for each person for each calendar day during which such person was discriminated against in violation of the provisions of this contract. In addition to any other penalties herein provided for the violation of the nondiscrimination provisions of this contract or for the failure of any contractor, subcontractor or supplier to abide by the rules and regulations herein contained, this contract may be forthwith cancelled, terminated or suspended, in whole or in part, by the contracting agency upon the basis of a finding as set forth in sec. 12B.2(f) that the contractor, subcontractor or supplier has discriminated contrary to the provisions of this contract, and all moneys due or to become due hereunder may be forfeited to, and retained by, the City and County of San Francisco.

(h) A breach of the nondiscrimination provisions in the performance of this contract shall be deemed by the City and County of San Francisco to be a material breach of contract and basis for determination by the officer, board or awarding authority responsible for the awarding or letting of such contract that the contractor, subcontractor or supplier is an irresponsible bidder as to all future contracts for which such contractor, subcontractor or supplier may submit bids. Such person, firm or corporation shall not for a period

of two (2) years thereafter, or until he shall establish and carry out a program in conformity with the nondiscrimination provisions of this contract, be allowed to act as a contractor, subcontractor or supplier under any contract for public works, goods or services for or on behalf of the City and County of San Francisco.

(i) Nothing contained in this contract shall be construed in any manner so as to prevent the City and County of San Francisco from pursuing any other remedies that may be available at law.

(j) Nothing contained in this contract shall be construed in any manner so as to require or permit the hiring of aliens on public works as prohibited by law.

(k) The contractor, subcontractor or supplier will meet the following standards for affirmative compliance:

(1) If the contractor, subcontractor or supplier has been held to be an irresponsible bidder under sec. 12B.2(h) hereof, he/she shall furnish evidence that he/she has established and is carrying out a program in conformity with the nondiscrimination provisions of this contract.

(2) The contractor, subcontractor or supplier may be required to file with the human rights commission a basic compliance report, which may be a copy of the federal EEO-1, or a more detailed report as determined by the commission. Wilful false statements made in such reports shall be punishable as provided by law. No contractor, subcontractor or supplier shall be held in nonconformance for not filing such a report with the human rights commission unless he/she has been specifically required to do so in writing by the human rights commission.

(3) Personally, or through his/her representatives, the contractor, subcontractor or supplier shall, through negotiations with the unions with whom he/she has collective bargaining or other

agreements requiring him/her to obtain or clear his/her employees through the union, or when he/she otherwise uses a union as an employment resource, attempt to develop an agreement which will:

(a) Define and outline responsibilities for nondiscrimination in hiring, referral, upgrading and training.

(b) Otherwise implement an affirmative anti-discrimination program in terms of the unions' specific areas of skill and geography, such as an apprenticeship program, to the end that minority workers will be available and given an equal opportunity for employment.

(4) The contractor, subcontractor supplier or trade association shall notify the contracting agency of opposition to the nondiscrimination provisions of this contract by individuals, firms or organizations during the term of this contract.

~~Section 2. The provisions of this ordinance shall become operative on February 1, 1977.~~

AMENDING THE SAN FRANCISCO ADMINISTRATIVE CODE, ARTICLE XI.A, CHAPTER 16 THEREOF BY AMENDING SECTION 16.210 RELATING TO THE ESTABLISHMENT OF REPRESENTATION UNITS TO PROVIDE THAT SUPERVISORY EMPLOYEES OF THE MUNICIPAL RAILWAY ARE PLACED IN UNIT 11.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Article XI.A of Chapter 16 of the San Francisco Administrative Code is hereby amended by amending Section 16.210 thereof to read as follows:

Sec. 16.210. Establishment of Representation Units.

(a) All employees throughout the City and County of San Francisco within any of the following categories shall constitute an appropriate representation unit:

Unit 1. In determining any appropriate representation unit, separate representation shall be granted to any building trade or other craft or group which has historically established separate bargaining units in private industry or the journeymen of which normally attain status through the completion of a substantial period of apprenticeship. In establishing any such craft or group unit, there shall be included all apprentices, journeymen, foremen and general foremen that are customarily included in such craft or group units in negotiated contracts in private industry and shall also include within the separate craft or group unit those positions that have historically been represented by the craft or group organization in the handling of grievances and determination of wages and working conditions with the City and County of San Francisco.

Each position, class or series of classes whose compensation is established under the authority of the Charter in accordance with a particular collective bargaining agreement in private employment, and each position, class or series of classes within the Code 7300

Journeyman Trade Group of the Civil Service Classification Plan (including apprentices, foremen and general foremen) whose counterparts in private employment in San Francisco have their rates of pay set pursuant to collective bargaining agreements with private industry in San Francisco shall collectively be designated a separate appropriate representation unit.

Employees whose rates of pay are established by the City by reference to a craft or group rate in private industry on a percentage of the craft rate or other basis shall also be included within such craft group or unit. Classifications or positions which combine the work of more than one craft shall be placed in the craft unit representing the highest skill required to be performed by the position. In the event this is not possible to ascertain, any individual or individuals occupying any such position or classification shall have the right to a self-determination election to determine appropriate placement of the position or classification. Employee organizations representing City and County employees whose compensation is fixed pursuant to Section 8.403 of the Charter, or whose members are in the Code 7300 Journeyman Trade Group (including apprentices, foremen and general foremen) shall be designated the recognized employee organization for such representation unit by the Commission upon complying with the provisions of Section 16.209; provided, however, that after the initial recognition granted herein such recognition shall be subject to the terms and conditions of Section 16.212 of this ordinance.

Unit 2. Non-supervisory employees in blue collar positions not included in Unit 1 above.

Unit 3. Supervisory employees in blue collar positions related to Units 1 and 2, not included in Unit 1.

Unit 4. Non-supervisory employees in white collar positions.

Unit 5. Supervisory employees in white collar positions.

Unit 6. Non-professional hospital and institutional employees.

Unit 7. Municipal Railway employees excepting clerical classifications, transit car cleaners, engineers, technical engineering employees and related supervisory employees to excepted classes.

Unit 8. Professional employees; provided, however, that each profession shall have the right to separate representation for that particular professional category.

Unit 9. Security and detention personnel, excluding sworn permanent and promotive personnel of the Sheriff's Department.

Unit 10. Technical engineering employees to include employees working in technical supportive capacities to engineers and architectural staff.

Unit 11. Supervisory employees in positions related to Units 6, 7, 8, 9, 10.

Unit 12. All sworn permanent and promotive personnel, including supervisory personnel, in the Sheriff's Department except the Sheriff and the Undersheriff.

Unit 13. "Paraprofessional" employees in the San Francisco Unified School District and the San Francisco Community College District as classified by the Civil Service Commission.

(b) In the event an employee or employee organization disagrees with their inclusion in a particular unit above, the aggrieved party may submit their protest to an administrative law judge for a hearing and final determination. In arriving at said determination, said judge shall consider, in addition to any other factors, the similarity of skills, wages, hours and other working conditions among the employees involved, the history of collective bargaining with regard to the employees involved and the desires of said employees.

AMENDING PART II, CHAPTER II OF THE SAN FRANCISCO MUNICIPAL CODE (CITY PLANNING CODE) BY AMENDING SECTION 609.10 RELATING TO AMORTIZATION OF EXISTING SIGNS IN THE MARKET STREET SPECIAL SIGN DISTRICT, IN ORDER TO CLARIFY AND MAKE MORE SPECIFIC SUBSECTION (a) THEREOF WHICH ESTABLISHES THE REMOVAL PERIOD FOR GENERAL ADVERTISING SIGNS.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Article 6 of Part II, Chapter II of the San Francisco Municipal Code (City Planning Code) is hereby amended by amending Section 609.10 to read as follows:

SEC. 609.10. On and Near Market Street from The Embarcadero to the Central Skyway Overpass.

(a) General advertising signs. Any lawfully existing general advertising sign within the Market Street Special Sign District, other than such a sign located on a wall immediately adjacent to the establishment to which it directs attention, shall be removed within 5 years after the effective date of said special sign district or such later date as the location of such sign may be designated as part of said special sign district; provided, however, that if the public street and plaza improvements within any of the sections of the Market Street Special Sign District listed below have not been substantially completed at the end of said 5-year period in accordance with the architectural plans entitled "Market Street Reconstruction", Transit Task Force File No. 810.00R1 through 810.28R1, dated September 10, 1970, and "Surface Plan - Hallidie Plaza", Transit Task Force File No. 1000, dated July 15, 1970, including permanent pavement of sidewalk and roadway areas, planting of trees and placement of furnishings, then said general advertising signs within any such section need not be removed until 30 days after the date of substantial completion of said improvements in the section in which said signs are located:

1. Between The Embarcadero and the easterly line of Third Street;
2. Between the easterly line of Third Street and the easterly line of Powell Street;
3. Between the easterly line of Powell Street and the easterly line of Seventh Street;

4. Between the easterly line of Seventh Street and the easterly line of Twelfth Street;
5. Between the easterly line of Twelfth Street and the Central Skyway overpass.

It is hereby found and declared that as of May 18, 1976, six years after the effective date of the Market Street Special Sign District, the public street and plaza improvements within each and every section of Market Street listed above have been substantially completed in accordance with the plans and other terms set forth above. Accordingly, all general advertising signs specified in this subsection (a) shall be removed forthwith. This amendment is intended only to clarify existing provisions of law, and thereby to facilitate administration of those provisions.

It is hereby found and declared, further, that a six-year amortization period for general advertising signs throughout the Market Street Special Sign District is more than adequate in view of the express purposes of the special district, the massive public and private investments that have already taken place, and the new environment created in all sections of the street. In addition, it is noted that the amortization period for general advertising signs originally adopted in this district was three years, which period was extended to five years with the proviso concerning substantial completion, and that the amortization periods for all other signs affected by this Section were only one, two and three years, which periods have in all cases already been enforced and complied with; this factor, also, demonstrates that a six-year amortization period for general advertising signs is more than adequate.

(b) Moving parts. Any lawfully existing sign within the Market Street Special Sign District that has a moving part or parts legally nonconforming under subsection 607(d) of this Code shall be removed or altered to conform therewith within 3 years after the effective date of said special sign district or such later date as the location of such sign may be designated as part of said special sign district.

(c) Temporary signs. Any lawfully existing sign within the Market Street Special Sign District which does not conform to the requirements of paragraph 608.8(f)1 of this Code shall be removed or altered to conform therewith within one year after the effective date of said special sign district or such later date as the location of such sign may be designated as part of said special sign district.

(d) Signs, structures and features in public areas. Any lawfully existing sign, structure or feature within the Market Street Special Sign District which does not conform to the requirements of paragraph 608.8(f)2 of this Code shall be removed or altered to conform therewith within one year after the effective date of said special sign district or such later date as the location of such sign, structure or feature may be designated as part of said special sign district, if such sign, structure or feature is within Market Street, within Powell Street, or within any other street area opposite a street property line that abuts Market Street and faces Market Street at an angle of less than 90 degrees. This removal requirement shall, among other things, specifically apply to all canopies now in place in said special sign district and located as described herein.

(e) Projection. Except as provided herein, any lawfully existing sign or other feature within the Market Street Special Sign District which does not conform to the projection limitations of paragraph 608.8(d)1 of this Code shall be removed or altered to conform therewith within 2 years after the effective date of said special sign district if such sign or other feature projects over either street property line of Market Street, either street property line of Powell Street, or any other street property line that abuts Market Street and faces Market Street at an angle of less than 90 degrees. The Zoning Administrator may, in specific cases, permit the retention or alteration of an existing sign or other feature which projects more than 6 feet but in no event and under no circumstances more than 8 feet, if the Zoning Administrator determines (1) that the sign or feature is of high quality, in scale with its surroundings, not detrimental to other properties, and not so located that it will conflict with trees or other features in the street area, and (2) that unusual circumstances apply concerning the nature of the sign or feature or concerning the building that would make adherence to the 6-foot limitation impractical without offsetting public advantages.

(f) Revocation of permits. Any permit issued for erection or alteration of a sign, structure or feature required to be removed or altered under subsection 609.10(d) or (e) above is hereby revoked as of the date on which such removal or alteration is required. The permit for any sign erected or altered pursuant to Section 4653(b) of the Building Code, enacted by Ordinance No. 325-69, pertaining to signs for new businesses or organizations and change in name of

businesses or organizations, pending adoption of permanent standards for signs in the Market Street area, shall be automatically revoked upon adoption of this present ordinance, if the sign authorized by such permit does not conform to all such permanent standards made applicable hereby to the property on which the sign is located.

ORDINANCE NO. 64-76

AMENDING PART II, CHAPTER II OF THE SAN FRANCISCO MUNICIPAL CODE (CITY PLANNING CODE) BY ADDING SECTION 608.10 TO CREATE THE UPPER MARKET SPECIAL SIGN DISTRICT COVERING PROPERTIES ON AND NEAR MARKET STREET FROM THE CENTRAL SKYWAY OVERPASS TO DIAMOND STREET, AMENDING SECTION 607(e) TO PROHIBIT FLASHING SIGNS IN SAID AREA, ADDING SECTION 609.12 TO PROVIDE AMORTIZATION PERIODS FOR CERTAIN EXISTING SIGNS, AND AMENDING SECTIONS 608 AND 609 TO CHANGE CROSS-REFERENCES TO OTHER SECTIONS.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Article 6 of Part II, Chapter II of the San Francisco Municipal Code (City Planning Code) is hereby amended by adding Sections 608.10 and 609.12 reading as follows:

SEC. 608.10. On and Near Market Street from the Central Skyway Overpass to Diamond Street. There shall be a special sign district known as the Upper Market Special Sign District in the vicinity of Market Street from the Central Skyway overpass to Diamond Street as designated on Sectional Map SSD of the Zoning Map of the City and County of San Francisco. The original copy of said Sectional Map with this Special Sign District indicated thereon is on file with the Clerk of the Board of Supervisors under File No. 324-76-2. With respect to said special sign district, the following regulations shall apply:

(a) Purposes and findings. In addition to the purposes stated in Sections 101 and 601 of this Code, the following purposes apply to the Upper Market Special Sign District. These purposes constitute findings that form a basis for these regulations and provide guidance for their application.

1. In November 1962, the electorate of San Francisco voted approval of an investment in a city and regional rapid transit system that will run beneath Market Street, including a city subway along Upper Market. In June 1968, the electorate approved a bonded indebtedness of $24,500,000, including payment for reconstruction and improvement of Market Street from the Central Skyway overpass to the vicinity of Castro Street. The street is being rebuilt at public expense, with special paving, furnishings and landscaping. When rebuilt, this portion of Market Street will have heavy concentrations of pedestrians, and will increase in importance as a transit and shopping corridor. It is a purpose of the Upper Market Special Sign District to further this public endeavor.
2. As the street is rebuilt, the area is attracting and will continue to attract investments, development and design efforts in reliance upon the promise of a street of high quality. Both existing and new enterprises will be strengthened by the high standards of their environment and by the joint efforts of owners and business people.
3. The character of signs along the street and of other features projecting from buildings is especially significant to street appearance and to the general quality and economic stability of the area. Opportunities exist to relate these signs and projections more effectively to the street design and to the design of buildings, and it is a purpose of these regulations to set a framework that will contribute toward those ends.
4. The standards established by these regulations are reasonable standards related to the unique nature of the Upper Market area and to its present and future needs. Where removal or alteration of existing signs is required, the periods for removal or alteration allow adequate time for amortization of the signs, consistent with other improvements along the street. The removal or alteration will help to promote equality among establishments, adding greater significance to the improvement efforts.
5. The standards established by these regulations are deemed to be minimum requirements, forming a basic framework for development and remodeling. They are not intended in any way to preclude further design refinement or review by individuals or duly constituted organizations which might consider more restrictive requirements as to any aspects limited herein, or as to additional aspects such as materials, color, graphics, types of representation, relationship of signs to one another and to architectural features, or the general quality of design. It is anticipated that private efforts along such lines will and should be made for the further improvement of the Upper Market area.

The original of the sectional map of the Zoning Map for Special Sign Districts (numbered SSD) referred to in this Article is on file with the Clerk of the Board of Supervisors under File No. 138-62. In each such special sign district, signs shall be subject to the special limitations of Sections 608.1 through 608.10, respectively, in addition to all other applicable provisions of this Code. Where two or more amortization periods of differing durations apply to the same sign, the most restrictive of such amortization periods shall prevail unless this Code specifically provides otherwise. Where removal or alteration of a

sign is required, such requirement shall apply to the sign faces, the sign structure, the supporting framework and all other parts of the sign.

ORDINANCE NO. 75-77

AMENDING CHAPTER 12A, SAN FRANCISCO ADMINISTRATIVE CODE, BY AMENDING SECTIONS 12A.1, 12A.2, 12A.3 AND 12A.4 THEREOF TO ENSURE NONDISCRIMINATION ~~IN CONTRACTS~~ ON THE GROUND OR BECAUSE OF DISABILITY. ~~PROVIDING FOR AN EFFECTIVE DATE~~.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Sections 12A.1, 12A.2 and 12A.3, San Francisco Administrative Code are hereby amended to read as follows:

SEC. 12A.1. Findings.

The population of this City and County is composed of people of various racial, religious and ethnic groups. In this City and County the practice of discrimination on the grounds of race, religion, color, ancestry, age, sex, sexual orientation, disability or place of birth and the exploitation of prejudice related thereto adversely affects members of minority groups.

Such discriminatory practices are inimical to the public welfare and good order in that they: (1) impede social and economic progress for the entire citizenry by preventing members of minority groups from achieving full development of their individual potentialities and from contributing fully to the cultural and business life of the community; (2) constantly frustrate, degrade and embitter members of minority groups, thereby diminishing their initiative and interests in the community; and (3) tend to create intergroup hostilities and antisocial behavior.

The products of discrimination accumulate continuously, with the result that the social, economic and educational gaps between those suffering discrimination and the majority of the community constantly widen. As a result, mere prohibition of future and present discrimination, while essential, will not reduce the inequalities and disadvantages which a history of discrimination has produced.

Accordingly, affirmative remedial action must be initiated, encouraged, and coordinated.

Experiences of other urban centers throughout the nation have proved the need for and effectiveness of commissions empowered to study community race relations problems, to work with interested citizens to develop programs to ameliorate tensions and reduce cultural, social and economic disadvantages and to encourage and coordinate implementation of such programs consistent with the needs and rights of members of both the majority and the minority.

A substantial number of the aforementioned evils in this City and County are beyond the regulation of applicable State law, and insofar as State law is applicable, voluntary compliance therewith should be fostered by a local human relations commission.

SEC. 12A.2. Declaration of Policy.

It is hereby declared that the policy of the City and County of San Francisco is to act to give effect to the rights of every inhabitant of the City and County to equal economic, political and educational opportunity, to equal accommodations in all business establishments in the City and County and to equal service and protection by public agencies; that an instrumentality should be established to give effect to such rights, to eliminate prejudice and discrimination because of race, religion, color, ancestry, age, sex, sexual orientation, disability, or place of birth, to inform the inhabitants of the City and County of developments in human relations, to provide expert advice and assistance to the officers, agencies, boards, departments and employees of the City and County in undertaking ameliorative practices to keep peace and good order and to officially encourage private persons and groups to promote and provide equal opportunity for and good will toward all people.

. . . . .

SEC. 12A.3. Scope of Ordinance.

This ordinance applies to all discriminatory practices and to resulting intergroup tensions specifically covered by the provisions of this ordinance that occur within the territorial limits of or within any agency under the jurisdiction of the City and County of San Francisco and to the extent permitted by law, to activities outside this City and County which reasonably affect such practices and tensions within said territorial limits. Nothing in this ordinance, however, shall be interpreted or applied so as to create any power or duty in conflict with the preemptive effect of any Federal or State law.

(a) As used in this chapter, the term:

"Age" refers to, and shall include, any person who has attained the age of forty (40) years and has not attained the age of sixty-five (65) years.

"Sex" shall mean the character of being male or female.

"Sexual orientation" shall mean the choice of human adult sexual partner according to gender.

"Disability" is a physical or mental impairment which does not make the person incapable of adequately performing his or her duties with a reasonable accommodation to his or her disability, and does not make the person incapable of performing such duties in a manner which would not endanger his or her health and safety or the health and safety of others.

SEC. 12A.4. Establishment; Appointment; Terms; Executive Secretary

(a) There is hereby established a commission to be known as the Human Rights Commission of the City and County of San Francisco (hereinafter called "Commission"), consisting of fifteen (15) members, broadly representative of the general public and the employer, labor, religious, racial, age, sex, sexual orientation, disabled and ethnic groups in the City and County, to be appointed by the Mayor. Four (4) of the members who are first appointed shall be designated to serve for terms of one (1) year, four (4) for two (2) years, four (4) for three

(3) years and three (3) for four (4) years from the date of their appointments. Thereafter, members shall be appointed as aforesaid for a term of office of four (4) years, except that all of the vacancies occuring during a term shall be filled for the unexpired term. A member shall hold office until his successor has been appointed and has qualified. The Commission shall elect a chairman from among its members. The term of office as chairman of the Commission shall be for the calendar year or for that portion thereof remaining after each such chairman is designated or elected. The compensation of members of said Commission shall be fifteen dollars ($15) for each meeting of the Commission actually attended by said members; provided, however, that no member shall be paid for attending more than four (4) Commission meetings in any one (1) calendar month.

(b) The position of Executive Secretary to the Commission shall be established pursuant to and subject to Sections 3.500 and 8.200 of the Charter of the City and County of San Francisco. The person occupying such position shall be appointed by the Chairman of the Commission with the approval of a majority of the members of the Commission. The position of Executive Secretary to the Commission shall be exempted from the residency and electoral requirements of Section 16.98 of the San Francisco Administrative Code. All staff personnel shall be under the immediate direction and supervision of the Executive Secretary.

(c) The Board of Supervisors shall provide funds to compensate the members of the Commission and the Executive Secretary and to pay for such other staff personnel services and facilities as may be reasonably necessary to enable the Commission to exercise its powers and perform its duties under this ordinance.

AMENDING ORDINANCE NO. 105-64 GRANTING CABLE TELEVISION FRANCHISE BY REPEALING SECTION 2A THEREOF AND ADDING SECTION 2A PROVIDING FOR CONSTRUCTION WITHIN THE FRANCHISE AREA AND APPROVING A FORMULA TO BE APPLIED BY THE FRANCHISEE IN DETERMINING THE FEASIBILITY OF NEW CONSTRUCTION; REPEALING ORDINANCE NO. 1-74.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Ordinance No. 1-74, which added Section 2A to Ordinance No. 105-64, is hereby repealed.

Section 2. Ordinance No. 105-64 is hereby amended by adding Section 2A, reading as follows:

Section 2A. New construction by the Grantee shall be undertaken within the franchise area after the effective date of this ordinance when it is determined by the application of the construction formula hereinafter set forth that new cable facilities can be constructed both without requiring existing subscribers to subsidize the new construction through higher rates and so as to provide the Grantee a reasonable return on its investment.

Upon receiving a petition signed by occupants of twenty-five (25) percent of the dwelling units within a specifically defined and described geographic area where no cable service is then provided . having at least one-hundred (100) dwelling units, the Grantee shall, at its own expense, conduct a marketing survey to determine whether there is sufficient demand (based upon the application of the construction formula) in the area to warrant new construction of cable facilities and undertake an estimate of the cost of constructing cable facilities in the area. If the cost per subscriber for the area in question is equal to or less than the maximum capital investment per subscriber as established by the application of the construction formula, then the Grantee shall collect from the prospective subscribers the installation fee and commence construction of the cable facilities which will be completed within six (6) months of the commencement of construction. If the estimated cost per subscriber for the area in question is greater than the maximum capital investment per subscriber as established by the application of the construction formula, then the Grantee shall not be required to construct cable facilities in the area unless the prospective subscribers pay to Grantee as an addition to the installation fee the difference between the estimated cost per subscriber for that area and said maximum capital investment per subscriber.

The construction formula is based upon annual revenue and operating expenses, the cost of construction, and the demand for cable service. The construction formula is as follows:

$$X \text{ (the maximum capital investment per subscriber)} = \frac{5.44\ (R-E-DR+DE)}{(1-5.44\ (DAI+DB+DC-C)} - F$$

The variables in the construction formula are defined as follows:

X = The maximum capital investment per subscriber.

5.44 = The series present worth factor which equates a 10 year stream of cash flow to a present value at a 13% rate of return.

R = Annual incremental revenue from one additional subscriber.

E = Annual cash costs of maintaining one incremental subscriber. These include but are not limited to franchise taxes, bad debts, copyright fees, marketing costs, technical and office labor costs.

D = The combined state and federal income tax rate.

A = The percentage of the grantee's assets financed by debt.

I = Average interest rate paid on the grantee's debt.

B = The depreciation rate on an annual basis.

CHAPTER 12C

NONDISCRIMINATION IN PROPERTY CONTRACTS

Sec. 12C.1. All Property Contracts to Include Nondiscrimination Provisions.

All contracting agencies of the City and County of San Francisco, or any department thereof, acting for or on behalf of the City and County, shall include in all contracts, franchises, leases, concessions or other agreements involving the lease, rental, or other use of real property and improvements thereon of the City and County of San Francisco, a provision obligating the contractor, franchisee, lessee, concessionaire, or other party of said agreement not to discriminate on the ground or because of race, color, creed, national origin, ancestry, age, sex, sexual orientation or disability against any person seeking accommodations, advantages, facilities, privileges, services, or membership in all business, social, or other establishments or organizations, operating from or making use of said real property, and shall require such contractor, franchisee, lessee, or concessionaire to include a similar provision in all subcontracts, subleases, or other subordinate agreements let, awarded, negotiated or entered into thereunder.

"Tenant" shall mean the person or persons, firm, partnership, corporation or combination thereof who enter into a contract, franchise, lease, concession or other agreement involving the lease, rental or other use of real property and improvements thereon of the City and County of San Francisco.

Sec. 12C.3. Nondiscrimination Provisions of Property Contracts.

Every contract, franchise, lease, concession or other agreement entered into by any agency of the City and County of San Francisco, or any department thereof, involving the lease, rental, or other use of real property and improvements thereon of the City and County of San Francisco shall contain the provisions following, which shall be

known as the nondiscrimination provisions of such property contract.

In the performance of this contract, the tenant agrees as follows:

(a) The tenant or subtenant will not discriminate against any person seeking accommodations, advantages, facilities, privileges, services, or membership in the business, social or other establishment or organization operated by the tenant or subtenant on the real property of the City and County of San Francisco, on the ground or because of race, color, creed, national origin, ancestry, age, sex, sexual orientation, or disability.

(b) Should the tenant or subtenant operate as a membership organization, the tenant will permit access to his membership records, rules, regulations and other pertinent data, by the awarding authority, or the San Francisco Human Rights Commission, for the purpose of investigating to ascertain compliance with the nondiscrimination provisions of this contract, and on request provide evidence that has or will comply with the nondiscrimination provisions of this contract.

(c) That tenant or subtenant shall be deemed to have breached the nondiscrimination provisions of this contract upon:

(1) A finding by the Director of the San Francisco Human Rights Commission or such other official who may be designated by the Human Rights Commission, that tenant has wilfully violated such nondiscrimination provisions.

(2) Upon such finding by the Director of the Human Rights Commission, or other official designated by the Human Rights Commission, the awarding authority shall notify tenant, or subtenant that unless he demonstrates to the satisfaction of the Director of the San Francisco Human Rights Commission or other official designated by the Human Rights Commission within such reasonable period as the Human Rights Commission shall determine, that the violation has been corrected, action will be taken as

set forth in subparagraph (d).

(3) The Human Rights Commission shall, within ten days of the date of issuance of any finding by the Director of the Human Rights Commission or other official designated by the Commission in the enforcement of this chapter, mail to any person or persons affected by said finding, a copy of said finding, together with written notice of his right to appeal. Notice of appeal must be filed in writing with the Chairman of the Commission within 20 days of the date of mailing said copy and notice.

(4) For purposes of appeal proceedings under this section, a quorum shall consist of eight members of the Commission. The vote of the majority of the full commission shall be necessary to affirm, reverse or modify such decisions, order or other action rendered hereunder. Should a member of the Human Rights Commission be designated under Section 12B.2(c)(1) of this contract, that commissioner may not participate in an appeal under this section except as a witness.

(5) The presiding officer of the Commission shall have the power to administer oaths to witnesses in appeals before the Commission under this section. In the event that any person shall fail or refuse to appear as a witness in any such proceeding after being requested to do so, and if it shall appear to the Commission that his testimony, or books, records, documents or other things under his control are material and relevant as evidence in the matter under consideration by the Commission in the proceeding, the presiding officer of the Commission may subpoena such person, requiring his presence at the proceeding and requiring him to bring such books, records, documents or other things under his control.

(6) All appeals to the Human Rights Commission shall be open

to public inspection. Upon reaching a decision in any appeal, the Commission shall give written notice thereof to the Director of the Human Rights Commission, or other official designated by the Human Rights Commission, and the appellant or appellants. The decision of the Commission shall be final unless within 15 days of the filing and service of written notice thereof appropriate legal proceedings are filed in a court of competent jurisdiction by any party to this contract.

(7) If any tenant or subtenant under contract to the City and County of San Francisco shall fail to appear at an appeal proceeding of the Commission after having been given written notice to appear, such failure to appeal shall be grounds for cancellation of the contract or subcontract and such tenant or subtenant shall be deemed to have forfeited all rights, benefits and privileges thereunder.

(8) The Human Rights Commission of San Francisco shall promulgate rules and regulations for the implementation of the nondiscrimination provisions of this contract, and such rules and regulations shall, so far as practicable, be similar to those adopted in applicable federal executive orders.

(d) A breach of the nondiscrimination provisions in the performance of this contract shall be deemed by the City and County of San Francisco to be a material breach of contract and basis for determination by the officer, board or awarding authority responsible for the awarding or letting of such contract that the tenant or subtenant is an irresponsible tenant, lessee, franchisee or concessionaire as to all future contracts for the use of real property. Such person, firm or corporation shall not, for a period of two (2) years thereafter, or until he shall establish and carry out a program in conformity with the nondiscrimination provisions of this contract, be allowed to act

as a tenant or subtenant under any contract involving the lease, rental or other use of real property and improvements thereon, of the City and County of San Francisco.

(e) Nothing contained in this contract shall be construed in any manner so as to prevent the City and County of San Francisco from pursuing any other remedies that may be available at law.

Sec. 12C.4. Human Rights Commission Empowered.

The San Francisco Human Rights Commission, its presiding officer and its director are hereby granted the power to do all acts and exercise all powers referred to in Section 12C.2 hereof.

Sec. 12C.5. Funding.

The Board of Supervisors shall appropriate such funds from the general fund of the City and County of San Francisco, subject to budgetary and fiscal provisions of the charter, as it may deem necessary for enforcement of this ordinance.

Sec. 12C.6 Severability.

If any clause, sentence, paragraph or part of this title or the application thereof to any person or circumstances shall, for any reason, be adjudged by a court of competent jurisdiction to be invalid, such jurisdiction shall not affect, impair or invalidate the remainder of this chapter.

AMENDING CHAPTER 15, SAN FRANCISCO ADMINISTRATIVE CODE, BY AMENDING SECTION 15.3 THEREOF, RELATING TO COMPOSITION, APPOINTMENT AND TERMS OF MEMBERS OF THE MENTAL HEALTH ADVISORY BOARD

Be it ordained by the People of the City and County of San Francisco:

Section 1. Chapter 15, San Francisco Administrative Code, is hereby amended by amending Section 15.3 thereof, to read as follows:

SEC. 15.3 Advisory Board - Composition; Appointment and Terms of Members.

The Community Mental Health Service shall have an advisory board of seventeen members, who shall be appointed by the Board of Supervisors. One member of the advisory board shall be ex officio the President of the Board of Supervisors or a member of the Board of Supervisors, as designated by the President thereof. Not less than fifty-one percent of the members of the advisory board shall be persons representative of the public interest in mental health; provided, however, that not less than one-half of the members representing the public interest shall be persons or the parents, spouses or adult children of persons who have received mental health services. The advisory board shall contain two physicians, one of whom shall specialize in psychiatry, and the remaining members shall be selected from among the following disciplines: psychology, social work, nursing, education, marriage and family counseling, psychiatric technology, criminal justice, hospital or community mental health facility administration, and fiscal management. For members not representing the public interest, the Board of Supervisors shall appoint persons representing different disciplines.

Except for the President of the Board of Supervisors or his designee, the term of each member shall be for three years; provided, however, that of the members first appointed after January 1, 1977, six shall be appointed for a term of one year, five for a term of two years, and five for a term of three years. If, however, prior to the expiration of such term a member ceases to retain the status which qualified such member for appointment on the board, the membership on the board shall terminate and there shall be a vacancy on the board.

No member of the advisory board or his or her spouse shall be a full-time or part-time City and County employee of the San Francisco Community Mental Health Service, an employee of the State Department of Health, an employee of the State Department of Benefit Payments, or an employee of a Short-Doyle contract facility, nor shall any member of the advisory board serve longer than two successive three-year terms expiring after the effective date of this ordinance.

AMENDING CHAPTER 31 OF THE SAN FRANCISCO ADMINISTRATIVE CODE, ENVIRONMENTAL QUALITY, BY AMENDING SECTIONS 31.01, 31.02, 31.11, 31.22, 31.23, 31.24, 31.25, 31.26, 31.29 AND 31.46 THEREOF AND ADDING SECTIONS 31.35 AND 31.36 THERETO, TO COMPLY WITH AMENDMENTS TO THE CALIFORNIA ENVIRONMENTAL QUALITY ACT AND THE STATE GUIDELINES FOR IMPLEMENTATION OF SAID ACT, AND MAKE FURTHER ADMINISTRATIVE AND CLARIFYING CHANGES, THROUGH REVISING REFERENCES TO STATE LAW, ADDING REQUIREMENTS CONCERNING ALTERNATIVES AND MITIGATION MEASURES FOR PROJECTS, PROVIDING FOR DETERMINATIONS OF EXEMPTION, INDICATING THE IMPORTANCE OF PUBLIC CONTROVERSY, PROVIDING FOR USE OF INITIAL EVALUATIONS PREPARED PURSUANT TO THE NATIONAL ENVIRONMENTAL POLICY ACT, REVISING THE CONTENT OF NEGATIVE DECLARATIONS, PROVIDING FOR PREPARATION OF NEGATIVE DECLARATIONS ON A PRELIMINARY BASIS AND FOR NOTICE OF SUCH PREPARATION, REQUIRING CERTIFICATION BY THE DECISION-MAKING BODY OR APPELLATE BODY THAT IT HAS CONSIDERED A NEGATIVE DECLARATION PRIOR TO ITS DECISION, REQUIRING THAT ENVIRONMENTAL EFFECTS SHALL BE CONSIDERED IN AN EIR IN PROPORTION TO THEIR SEVERITY AND PROBABILITY OF OCCURRENCE, REQUIRING THAT THE DECISION-MAKING BODY OR APPELLATE BODY STATE REASONS TO SUPPORT ITS ACTION WHERE SIGNIFICANT ENVIRONMENTAL EFFECTS MAY OCCUR, REQUIRING CERTAIN NOTICES TO THE STATE SECRETARY FOR RESOURCES, AND PROVIDING PROCEDURES FOR EVALUATION OF MODIFIED PROJECTS AND FOR AMENDMENTS TO EIR'S THAT HAVE PREVIOUSLY BEEN CERTIFIED.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Chapter 31 of the San Francisco Administrative Code is hereby amended by amending Sections 31.01, 31.02, 31.11, 31.22, 31.23, 31.24, 31.25, 31.26, 31.29 and 31.46 thereof to read as follows:

SEC. 31.01. Authority and Mandate.

(a) This Chapter is adopted pursuant to the California Environmental Quality Act (hereinafter referred to as CEQA), Public Resources Code Sections 21000 and following, as amended; and pursuant to the Guidelines for Implementation of the California Environmental Quality Act, as amended, originally certified and adopted by the Secretary of the California Resources Agency on February 3, 1973 and appearing as Title 14, Division 6, Chapter 3 of the California Administrative Code (hereinafter referred to as the State Guidelines). CEQA and the State Guidelines provide for the orderly evaluation of projects and preparation of environmental documents,

and require adoption of corresponding objectives, criteria and procedures by local agencies.

(b) Any amendments to CEQA or the State Guidelines, adopted subsequent to the effective date of this Chapter, shall not invalidate any provision of this Chapter. Any amendments to CEQA or the State Guidelines that may be inconsistent with this Chapter shall govern until such time as this Chapter may be amended to remove such inconsistency.

(c) This Chapter shall govern in relation to all other ordinances of the City and County of San Francisco and rules and regulations pursuant thereto. In the event of any inconsistency concerning either public or private actions, the provisions of this Chapter shall prevail.

SEC. 31.02. Objectives.

(a) CEQA and the State Guidelines require that all local agencies shall prepare, or cause to be prepared by contract, and certify the completion of an environmental impact report on any project they intend to carry out or approve which may have a significant effect on the environment. This report must be considered by the local agency prior to its decision as to whether to carry out or approve the project.

(b) An environmental impact report is an informational document providing a detailed statement of environmental effects and considerations for use by public decision-makers in considering a project. Such a report also informs the general public, and provides an opportunity for public participation and for comments by other interested public agencies.

(c) The findings of an environmental impact report may be a major consideration in the exercise of discretion over a project, and may significantly influence the decision of a local agency, but do not necessarily require a decision either to carry out or approve, or not to carry out or approve, the project. CEQA and the State Guidelines confirm the discretion of local agencies with regard to projects under their own jurisdiction. Projects should not be approved as proposed if there are feasible alternatives or feasible mitigation measures available which would substantially lessen the significant environmental effects of such projects. In the event that specific economic, social or other conditions make infeasible such project alternatives or such mitigation measures, individual projects may be approved in spite of one or more significant environmental effects thereof.

SEC. 31.11. Coverage of State Law.

(a) Three types of projects may be covered by CEQA and the State Guidelines, as follows:

1. Activities directly undertaken by any public agency.
2. Activities undertaken by a person which are supported in whole or in part through contracts, grants, subsidies, loans, or other forms of assistance from one or more public agencies.
3. Activities involving the issuance to a person of a lease, permit, license, certificate, or other entitlement for use by one or more public agencies.

(b) Some such projects are excluded or categorically exempt from CEQA and the State Guidelines, as indicated in Sections 31.12 through 31.17 below. In the event of such exclusion or categorical exemption, the State law does not apply and no initial evaluation, negative declaration or environmental impact report is required.

(c) Projects that are not excluded or categorically exempt may or may not be covered by CEQA and the State Guidelines. If, after the initial evaluation described in Section 31.23 below, it is determined that the project could not have a significant effect on the environment, a negative declaration must be filed. In that event, the State law does not require preparation of an environmental impact report.

(d) All other projects are subject to CEQA and the State Guidelines and must have environmental impact reports prepared. Such preparation must occur before the decision by the City and County to carry out or approve the project. For the purpose of determining when such preparation must occur pursuant to this Chapter, the time of the decision to carry out or approve a project shall be as follows:

1. In cases in which the Board of Supervisors must appropriate money for the carrying out of the project, or appropriate money for City and County assistance to the carrying out of the project, the decision by the Board of Supervisors to proceed with the carrying out of the project, beyond the stage of feasibility and planning studies as described in Section 31.16 of this Chapter, shall constitute the decision to carry out or approve the project. Such decision may occur subsequent to the appropriation of money for the project, but no funds other than funds for such feasibility and planning studies shall be expended prior to re-appropriation of funds by the Board of Supervisors approving the carrying out of the project.

2. In cases in which the Board of Supervisors must decide upon a project that will not involve appropriation of money by said Board, the decision by said Board shall constitute the decision to carry out or approve the project.
3. In cases in which City and County funding or assistance occurs through use of undesignated funds or funds received through gifts or bequests, the decision to expend such funds for the project shall constitute the decision to carry out or approve the project.
4. In cases involving a City and County lease, permit, license, certificate, or other entitlement for use, the first discretionary decision to approve, to issue, or to commit the City and County to approve or issue, such lease, permit, license, certificate, or other entitlement for use shall constitute the decision to carry out or approve the project.

SEC. 31.22. Determination of Need for Evaluation.

(a) The board, commission or department that is to carry out or approve a project, or the Department of City Planning as hereinafter provided, shall determine whether the project is excluded or categorically exempt from CEQA and the State Guidelines, according to Sections 31.12 through 31.17 of this Chapter. Such determination shall be made by the Department of City Planning for all projects with an estimated construction cost of over $100,000 as defined by the San Francisco Building Code, and for projects of lesser cost upon request by the board, commission or department that is to carry out or approve the project. If the project is excluded or categorically exempt, no further evaluation shall be required by this Chapter.

(b) When a project has been determined by the Department of City Planning to be excluded or categorically exempt from CEQA and the State Guidelines, the Department of City Planning may issue a Certificate of Exemption from Environmental Review by posting a copy thereof in the offices of the Department, and by mailing copies thereof to the applicant and the board, commission or department that is to carry out or approve the project.

(c) All projects that are not excluded or categorically exempt shall be referred to the Department of City Planning, prior to the decision as to whether to carry out or approve the project, for an initial evaluation to establish whether an environmental impact report is required.

(d) In cases in which a project is to be carried out or approved by more than

one public agency, it will be necessary to determine whether the City and County of San Francisco or some other public agency shall be the lead agency under CEQA and the State Guidelines with responsibility to evaluate the project.

SEC. 31.23. Initial Evaluation of Projects.

(a) Upon receiving an application for a project, or upon referral of a project by the board, commission or department that is to carry out or approve the project, the Department of City Planning shall conduct an initial evaluation (initial study) to establish whether an environmental impact report is required. In the event it is clear at the outset that an environmental impact report is required, the Department may, with the consent of all parties involved, make an immediate determination and dispense with this initial evaluation.

(b) The initial evaluation shall determine whether the project may have a significant effect on the environment. The basic criteria for determination of significant effect shall be those set forth in CEQA and the State Guidelines. Supplementary criteria, consistent with those in CEQA and the State Guidelines, may be adopted as administrative regulations by resolution of the City Planning Commission after public hearing, according to the procedure set forth in Section 31.05(f) of this Chapter. In determination of significant effect, consideration shall be given to objectives and policies of the San Francisco Master Plan. An EIR shall be prepared when there is serious public controversy concerning the environmental effect of a project. Controversy not related to an environmental issue shall not be cause for preparation of an EIR.

(c) The applicant or the board, commission or department that is to carry out or approve the project shall submit to the Department of City Planning such data and information as may be necessary for the initial evaluation. If such data and information are not submitted, work by the Department on the initial evaluation shall be suspended.

(d) During the initial evaluation, the Department of City Planning may consult with any person having knowledge or interest concerning the project. In cases in which the project is to be carried out or approved by more than one public agency and the City and County of San Francisco is the lead agency, the Department shall consult with all other public agencies that are to carry out or approve the project.

(e) If a project is subject to both CEQA and the National Environmental Policy Act, an initial evaluation prepared pursuant to the National Environmental Policy

Act may be used to satisfy the requirements of this Section.

(f) If the initial evaluation establishes that the project could not have a significant effect on the environment, a negative declaration shall be issued in accordance with Section 31.24 below, and no further evaluation shall be required by this Chapter. If the initial evaluation establishes that the project may have a significant effect on the environment, an environmental impact report shall be prepared in accordance with Sections 31.26 through 31.28 below.

SEC. 31.24. Negative Declarations.

(a) When a negative declaration is required, it shall be prepared by the Department of City Planning. The negative declaration shall describe the project proposed, state the finding that the project could not have a significant effect on the environment, and have attached to it a copy of the initial evaluation documenting reasons to support that finding. The negative declaration shall also indicate mitigation measures, if any, included in the project to avoid potentially significant effects.

(b) The Department of City Planning shall first prepare the negative declaration on a preliminary basis, and shall post a copy of the preliminary negative declaration in the offices of the Department and mail copies thereof to the applicant and the board, commission or department that is to carry out or approve the project.

(c) Notice of the preparation of such preliminary negative declaration shall thereupon be given by publication in a newspaper of general circulation in the city, and by mail to all organizations and individuals who have previously requested such notice.

(d) Within 10 days following the publication of such notice, any person may appeal the preliminary negative declaration to the City Planning Commission,

specifying the grounds for such appeal.

(e) The City Planning Commission shall hold a public hearing on any such appeal within not less than 5 nor more than 20 days after filing of the appeal. Notice of such hearing shall be posted in the offices of the Department of City Planning, and shall be mailed to the appellant, to the applicant, to the board, commission or department that is to carry out or approve the project, and to any other person requesting such notice.

(f) After such hearing the City Planning Commission shall affirm the preliminary negative declaration if it finds that the project could not have a significant effect on the environment, and shall overrule the preliminary negative declaration and order preparation of an environmental impact report if it finds that the project may have a significant effect on the environment. The decision of the Commission either to affirm or to overrule shall be final. If in the judgment of the Commission there is a substantial body of opinion that reasonably considers there will be a significant effect on the environment, the Commission shall overrule the preliminary negative declaration.

(g) If the preliminary negative declaration is not appealed as provided herein, or if it is affirmed on appeal, the negative declaration shall be made final, subject to any necessary modifications, and shall be deemed adopted and issued. Thereafter, the City and County may decide whether to carry out or approve the project. Before making its decision whether to carry out or approve the project, the decision-making body, or the appellate body on appeal, shall certify that it has reviewed and considered the information contained in the final negative declaration. The issuance of a negative declaration shall not in itself necessarily require a decision either to carry out or approve, or not to carry out or approve, the project. CEQA and the State Guidelines confirm the discretion of local agencies with regard to projects under their own jurisdiction.

(h) After the City and County has decided whether to carry out or approve the project, the Department of City Planning shall file a notice of determination with the county clerk of the county or counties in which the project is to be located. Such notice shall describe the project proposed, shall indicate the decision of the City and County to carry out or approve, or not to carry out or approve, the project, and shall refer to the negative declaration issued, a copy of which shall be attached to and filed with the notice of determination. If the project requires discretionary approval from a State agency, the notice of determination shall also

be filed with the Secretary for Resources.

SEC. 31.25. Determinations that Environmental Impact Reports are Required.

(a) If the Department of City Planning determines that a project may have a significant effect on the environment and that an environmental impact report is required, it shall give notice of such determination by publication in a newspaper of general circulation in the city, by posting in the offices of the Department, and by mail to the applicant, to the board, commission or department that is to carry out or approve the project, and to all organizations and individuals who have previously requested such notice.

(b) Within 10 days following the mailing of such notice, the applicant or such board, commission or department may appeal such determination to the City Planning Commission, specifying the grounds for such appeal.

(c) The City Planning Commission shall hold a public hearing on any such appeal no more than 20 days after filing of the appeal. Notice of such hearing shall be given by publication in a newspaper of general circulation in the city at least 10 days prior to the hearing, and by mail to the applicant, to the board, commission or department that is to carry out or approve the project, and to any other person requesting such notice.

(d) After such hearing the City Planning Commission shall affirm the determination of the Department of City Planning if it finds that the project may have a significant effect on the environment, and shall overrule such determination and order issuance of a negative declaration if it finds that the project could not have a significant effect on the environment. The decision of the Commission either to affirm or to overrule shall be final. If in the judgment of the Commission there is a substantial body of opinion that reasonably considers there will be a significant effect on the environment, the Commission shall affirm the determination of the Department.

(e) If the determination of the Department of City Planning is overruled by the City Planning Commission, the Department shall prepare a negative declaration in accordance with Section 31.24 above, and no further evaluation shall be required by this Chapter. The remaining provisions of Section 31.24 shall be followed, except that no further appeal to the Commission shall be permitted.

SEC. 31.28. Draft Environmental Impact Reports.

(a) When an environmental impact report (EIR) is required, it shall be prepared by the Department of City Planning. The EIR shall at first be prepared as a draft report.

(b) The applicant or the board, commission or department that is to carry out or approve the project shall submit to the Department of City Planning such data and information as may be necessary to prepare the draft EIR. If such data and information are not submitted, work by the Department of City Planning on the draft EIR shall be suspended. The data and information submitted shall, if the Department of City Planning so requests, be in the form of all or a designated part or parts of the proposed draft EIR itself, although the Department of City Planning shall in any event make its own evaluation and analysis and exercise its independent judgment in preparation of the draft EIR for public review.

(c) During preparation of the draft EIR, the Department of City Planning may consult with any person having knowledge or interest concerning the project. If it has not already done so in accordance with Section 31.23(d) above, in cases in which the project is to be carried out or approved by more than one public agency, the Department shall consult with all other public agencies that are to carry out or approve the project.

(d) The draft EIR shall include a description of the project, a description of the environmental setting, a description and assessment of environmental effects of the project in proportion to their severity and probability of occurrence, and other elements, all as set forth in the State Guidelines. The Department of City Planning may establish more definitive requirements for report content, consistent with CEQA and the State Guidelines, in the course of developing report formats and instructions.

(e) The draft EIR shall also include the following information about the energy requirements for operation of the project:

1. The connected kilowatt load; the estimated average kilowatt hours of monthly consumption required to service all electrical needs, both in absolute amount and per square foot of interior floor space; and the anticipated daily and annual electric load distribution curves.
2. The estimated average consumption of fossil fuels in British Thermal Units per square foot of interior floor space as well as the magnitude of the peak consumption of such fuels. In the case of natural gas, the anticipated daily and annual load distribution curves shall be included.

(f) When the draft EIR has been prepared in full, the Department of City Planning shall file a notice of completion of such draft with the Secretary of the California Resources Agency. Such notice shall describe the project proposed and its location, and shall state the address where copies of the draft EIR are available. A copy of such notice, or a separate notice containing the same information, shall thereupon be posted in the offices of the Department and mailed to the applicant and the board, commission or department that is to carry out or approve the project. A copy of the draft EIR shall be provided to the applicant and to such board, commission or department.

SEC. 31.29. Actions on Projects.

(a) The certification of completion and the final EIR shall be transmitted by the Department of City Planning to the applicant and the board, commission or department that is to carry out or approve the project, and shall be presented to the body which will decide whether to carry out or approve the project as indicated in Section 31.11(d) of this Chapter. These documents shall also be presented to any appellate body in the event of an appeal from the decision whether to carry out or approve the project.

(b) Before making its decision whether to carry out or approve the project, the decision-making body or appellate body shall certify that it has reviewed and considered the information contained in the EIR. In the course of reviewing and considering the EIR, the decision-making body or appellate body may include additional statements or findings in the EIR in the form of an addendum, indicating its own further evaluation of the environmental effects of the project, the means for reducing those effects, alternatives to the project, and other matters required to be addressed in the EIR, and indicating the manner in which the decision-making body or appellate body has taken into account other public objectives, or overriding considerations, including economic and social factors, in relation to the EIR.

(c) Thereafter, the decision-making body or appellate body may make its decision whether to carry out or approve the project. The EIR and its findings shall not in themselves necessarily require a decision either to carry out or approve, or not to carry out or approve, the project. CEQA and the State Guidelines confirm the discretion of local agencies with regard to projects under their own jurisdiction. However, where the action of the decision-making body or appellate body allows the occurrence of one or more significant environmental effects identified in

the final EIR, such body shall state in writing reasons to support its action based on the final EIR or other information constituting substantial evidence in the record. This statement need not be contained in the EIR. The statement shall contain one or more of the following findings for each such significant effect, accompanied by a description of, or reference to, the facts supporting each finding.

1. Changes or alterations have been required in, or incorporated into, the project which mitigate or avoid the significant environmental effects thereof as identified in the final EIR.
2. Such changes or alterations are within the responsibility and jurisdiction of another public agency and such changes have been adopted by such other agency, or can and should be adopted by such other agency.
3. Specific economic, social or other considerations make infeasible the mitigation measures or project alternatives identified in the final EIR.

(d) After the City and County has decided to carry out or approve the project, the Department of City Planning shall file a notice of determination with the county clerk of the county or counties in which the project is to be located. Such notice shall describe the project proposed, shall state that an EIR has been prepared and certified pursuant to the provisions of CEQA and the State Guidelines, shall contain a brief statement of mitigation measures which were adopted to reduce the impacts of the approved project, shall indicate the determination whether the project in its approved form will, or will not, have a significant effect on the environment, and shall indicate the decision of the City and County to carry out or approve the project. If the project requires discretionary approval from a State agency, the notice of determination shall also be filed with the Secretary for Resources.

SEC. 31.46. Basic Fees.

(a) The following basic fees shall be charged by the Department of City Planning as specified in Section 31.45 above:

1. For an initial evaluation of a project (Section 31.23), excluding use of special expertise or technical assistance as described in Section 31.47 below: $85.00.
2. For preparation of an environmental impact report (Sections 31.26-31.28) for a project with an estimated construction cost of less than $30 million as defined by the San Francisco Building Code, excluding use of special expertise or technical assistance as described in Section 31.47 below: $300.00.

3. For preparation of an environmental impact report (Sections 31.26-31.28) for a project with an estimated construction cost of $30 million or more as defined by the San Francisco Building Code, excluding use of special expertise or technical assistance as described in Section 31.47 below: 0.001% of the estimated construction cost.
4. For an appeal to the City Planning Commission (Sections 31.14(b), 31.24(d), 31.25(b)): $25.00.
5. For a copy of an environmental impact report or other document, where this Chapter does not require the sending of that document to the person requesting it: the actual cost to the Department of City Planning of reproducing that copy.
6. For preparation of an amendment to an EIR that has previously been certified (Section 31.36): one-third of the fee that would be required for a full EIR on the same project, as set forth in paragraphs (2) and (3) above.

(b) Exemption. Any fraternal, charitable, benevolent or any other non-profit organization having a regular membership associated primarily for civic welfare, with revenue accruing therefrom to be used exclusively for the non-profit purposes of said organization, and which organization is exempt from taxation under the Internal Revenue laws of the United States as a bona fide fraternal, charitable, benevolent or other non-profit organization, shall be exempt from paying the fees specified in paragraphs (a)(1), (a)(2), (a)(3), (a)(4) and (a)(6) above.

Section 2. Chapter 31 of the San Francisco Administrative Code is hereby amended by adding Sections 31.35 and 31.36 reading as follows:

SEC. 31.35. Evaluation of Modified Projects.

(a) After evaluation of a proposed project has been completed pursuant to Article III of this Chapter, a modification of one or more of the following types shall require reevaluation of the proposed project:

1. A substantial change in the proposed project;
2. A substantial change with respect to the circumstances under which the project is to be undertaken; or
3. A substantial change in relevant information available for use in evaluation of the project.

(b) Where such a modification occurs as to a project that has been determined to be excluded or categorically exempt pursuant to Section 31.22(a) of this Chapter, a new determination shall be made as provided in said Section.

1. If the project is again determined to be excluded or categorically exempt, no further evaluation shall be required by this Chapter.

2. If the project is determined not to be excluded or categorically exempt, an initial evaluation shall be conducted as provided in Section 31.23 of this Chapter.

(c) Where such a modification occurs as to a project for which a negative declaration has been issued pursuant to Section 31.24 of this Chapter, the Department of City Planning shall reevaluate the proposed project in relation to such modification.

1. If, on the basis of such reevaluation, the Department of City Planning determines that there could be no substantial change in the environmental effects of the project as a result of such modification, this determination and the reasons therefor shall be noted in the case record, and no further evaluation shall be required by this Chapter.

2. If, on the basis of such reevaluation, the Department of City Planning determines that there could be a substantial change in the environmental effects of the project as a result of such modification, the project shall be considered a new project for purposes of environmental review pursuant to Article III of this Chapter. In that event, a new evaluation shall be completed prior to the decision by the City and County as to whether to carry out or approve the project with its modification.

(d) Where such a modification occurs as to a project for which an EIR has been certified pursuant to Section 31.28 of this Chapter, the Department of City Planning shall reevaluate the proposed project in relation to such modification.

1. If, on the basis of such reevaluation, the Department of City Planning determines that there could be no substantial change in the environmental effects of the project as a result of such modification, this determination and the reasons therefor shall be noted in the case record, and no further evaluation shall be required by this Chapter.

2. If, on the basis of such reevaluation, the Department of City Planning determines that there could be a substantial change in the environmental effects of the project as a result of such modification, a further

evaluation shall be required. In that event, the further evaluation shall be completed prior to the decision by the City and County as to whether to carry out or approve the project with its modification. Where the modification is of such a nature that the further evaluation can be accomplished through amendment of the certified EIR under Section 31.36 below, the further evaluation shall be performed pursuant to that Section. Where the modification is not of such a nature, a new EIR shall be prepared pursuant to Sections 31.26 through 31.28 of this Chapter.

SEC. 31.36. Amendment of a Certified Environmental Impact Report.

(a) This Section shall apply to projects as described in Section 31.35(d)2 above, where an EIR has been previously certified, and where the modification relating to the project could result only in a clearly defined change in the environmental effects of the project, making unnecessary a complete reassessment of environmental effects under Sections 31.26 through 31.28 of this Chapter.

(b) For such projects, the further evaluation required by Section 31.35(d)2 shall be limited to amendment of the certified EIR in terms of the modification relating to the project. The amendment shall describe the modification and describe and assess the environmental effects changed by such modification. The procedures set forth in Sections 31.26 through 31.28 of this Chapter shall apply to the preparation, review and certification of the amendment, with the following exceptions:

1. Prior to preparation of a draft of the amendment, notice of such preparation shall be given by publication in a newspaper of general circulation in the city, by posting in the offices of the Department of City Planning, and by mail to the applicant, to the board, commission or department that is to carry out or approve the project, and to all organizations and individuals who have previously requested such notice.

2. Wherever the term "EIR" appears in Sections 31.26 through 31.28, that term shall be read as "amendment" for purposes of the amendment procedures, except in subsections 31.26(d) and (e).

3. The 30-day time periods prescribed by Sections 31.27(a)3 and 31.27(b)3 shall in each case be shortened to 20 days for an amendment.

4. The certification of completion by the City Planning Commission shall consist of a recertification of the EIR as amended, and shall contain

a finding as to whether the proposed project with its modification will, or will not, have a significant effect on the environment.

APPROVING IN PRINCIPLE A PROPOSAL FROM THE SPONSORS OF SAN FRANCISCO PERFORMING ARTS CENTER, INC. FOR A PUBLIC OFF-STREET PARKING FACILITY, THE ISSUANCE OF REVENUE BONDS BY THE PARKING AUTHORITY FOR THE CONSTRUCTION OF SAID FACILITY, AND THE USE OF PARKING METER REVENUE TO MEET DEBT SERVICE REQUIREMENTS, TO THE EXTENT GARAGE REVENUES ARE INSUFFICIENT FOR SAID PURPOSES.

WHEREAS, The Board of Supervisors, under Resolution No. 93-75, allocated Assessor's Block 810 for the construction of the Performing Arts Center, said block being bounded by Hayes, Grove and Franklin Streets and Van Ness Avenue, and

WHEREAS, The Board of Supervisors under Resolution No. 474-75, authorized the Mayor to execute a Development Agreement between the City and County of San Francisco and the Sponsors of San Francisco Performing Arts Center, Inc. for the development of plans and specifications relative to the construction of a Performing Arts Center, said Agreement included a provisions for the construction of a parking garage, on Assessor's Block 810, and

WHEREAS, Design considerations for the construction of the Performing Arts Center now require the complete utilization of the subject block for the symphony hall, recital hall and opera rehearsal facility, and

WHEREAS, Because the Performing Arts Center, as designed, will result in the removal of a significant number of off-street parking space now available to the public in the Civic Center area, the Sponsors, to compensate for this loss in off-street parking spaces, have presented to the Parking Authority a "Performing Arts Center Garage Feasibility Study," dated January, 1977, a copy of which is now on file with the Clerk of the Board of Supervisors, that proposes the construction of a public off-street parking facility on the north side of Grove Street between Franklin and Gough Streets, said area being a portion of Assessor's Block 792, and

WHEREAS, Based on said feasibility study, the Parking Authority approved in principle, on February 17, 1977, the public off-street parking facility under Resolution No. 605 after a duly advertised public hearing concerning public need, convenience and benefit of the proposed facility, and

WHEREAS, Parking authorities are authorized to issue revenue bonds for the construction of public off-street parking facilities, pursuant to Sections 33100 through 33148 of the Streets and Highways Code of the State of California, providing that such facilities are leased by said authorities to the local governing body, and

WHEREAS, Pursuant to Part II, Chapter XI of the San Francisco Municipal Code (Traffic Code), Section 213, the Parking Authority, subject to the approval of the Board of Supervisors, may use parking meter revenue for the construction of public off-street parking facilities and may use such parking meter revenues to the extent the garage revenues are insufficient to meet debt service requirements; now, therefore, be it

RESOLVED, That the Board of Supervisors does hereby approve in principle the public off-street parking facility as set forth in the "Performing Arts Center Garage Feasibility Study"; and be it

FURTHER RESOLVED, That said approval in principle is hereby contingent upon the execution of a construction agreement between the Sponsors of San Francisco Performing Arts Center, Inc., and the City and County of San Francisco for the construction of said Performing Arts Center; and be it

FURTHER RESOLVED, That the Board of Supervisors does hereby approve in principle the issuance of revenue bonds by the Parking Authority for the financing of said facility to be secured by a lease from the Parking Authority to the City and County of San Francisco

and the use of parking meter revenue for the project to meet debt service payments to the extent garage revenues are insufficient for said purposes, pursuant to the Streets and Highways Code of the State of California; and be it

FURTHER RESOLVED, That the Parking Authority is hereby directed together with the City Attorney, upon execution of a construction agreement, to prepare or cause to be prepared legal documents effectuating this expressed approval in principle for the construction of the public off-street parking facility.
